# "BEKTO PRECISA" Ltd.

Bekto Precisa" is a family company with decades of business experience in the production of highly sophisticated industrial tools for plastic and non-ferrous metals, as well as a combination of metal-plastic, as well as many products that spraying of plastic which are widely used in many industries and everyday life use. Initially planned as a small family business, "Bekto Precisa" has grown into a company of European format which covers more than 50,000 square meters, over 300 modern mashines and whose factories employ about 400 people.

## DESIGN AND DEVELOPMENT BUREAU

Numerous patents, which are the work of our Research & Development Bureau, now have wide industrial applications around the world. In a system of design and programming tools and other products, applications such as TopSolid 2008 TopSolid 2009 TopSolid 2011, CATIA V5R19, AlphaCAM are used as well as other modern technical developments necessary for the development and production of tools, various products and patents.

## TOOL WORKSHOP

Production of tools of the highest quality and precision for spraying of plastic and molded parts, is a heart of the factory.

All CNC machines are connected with CAD / CAM workstations

The tools are modeled in three dimensions using modern CAD / CAM systems, which allow them to develop 3D data over the 3D structures that control the complete chain of CNC machining - all the way to the final stage. In three connected tool workshops, top industrial tools of various sizes and complexity are being designed, constructed and produced, which puts this company among the best tool houses of Europe.

## MOULD INJECTION

In Bekto Precisa we inject numerous auto parts for BMW, AUDI, PORSCHE, MERCEDES, LAMBORGHINI, VOLKSWAGEN, KNORR BREMSE, VALEO, and security bindings for the world-renowned manufacturer of ski equipment Fischer and Marker and their own products which are used in a number of industrial areas and the necessities of life: different measurement and cable cabinets, chairs for stadiums, halls and waiting rooms, LED bulbs and many others.

## ASSEMBLY DEPARTMENT AND TAMPON PRINTING

In the assembly plants on over 2,000 square meters, the company offers customers all types of assembly and finishing of parts and assemblies on the extraordinary equipment and machinery, in ideal antistatic conditions, optimal temperature and humidity as well as impeccably clean workplaces and materials. Tampon printing is used for labeling the parts fitting storage, signaling elements, components for the automotive industry and electro department. In the organization the SAP system has been implemented, and the company also adopts the ISO 9001: 2008; ISO / TS 16949: 2009; ISO 14001: 2009; OHSAS 18001: 2007 certificate.

Customers and partners include BMW, Audi, Porsche, Lamborghini, Ferrari, Volkswagen, FISCHER, MARKER, KONCAR, MOSDORFER, PREVENT, HELLA and many other companies across Europe, USA and the Middle East.

## “BIJELA VODA” Ltd.

It is a company which places in the market the pure natural water produced by modern standards and that is the first brand of this type in the area of BPC.

It originates from the Factory for exploitation of natural mineral water which is located, same as its source, at the foot of the hill Vranovina in the municipality of Pale FBiH, within the tourist hunting complex "Bijele vode". The water source is located 20 meters from the Factory. On the market of Bosnia and Herzegovina is being distributed Bijela voda in glass bottles of 0.25 liters and in PET bottles of 0.5 l, 1.5 l, 5 l, and in large bottles of 18.9 liters, intended for machines for hot and cold water. High quality and very practical water coolers provide refreshment with water chilled to 5 degrees at all times. Besides the cold water, water cooler offers and hot water (up to 95 degrees), which is ideal for preparing instant beverages such as tea, instant coffee.

About the quality of Bijela voda (White water) and of the water coolers are testifying numerous awards and certificates granted by independent professional and competent institutions.

The beauty of the Bosnian landscape presents and hunting tourist center "Bijele vode", which in its offer has:

- Bungalows
- Ski Area
- Swimming Pool
- Football stadium

The hunting ground "Bijele vode" falls into the category of mountainous hunting grounds, with a highly developed relief and it is open to all.

## “FEKRY” Ltd.

Company "Fekry" Ltd. Ustikolina was founded in 2006, the founder and owner is a foreign citizen, Mohamed El-Azab. At the time of its founding, the company produces lumber and gradually develops into a respectable company in the mentioned field. Three years after the founding the company started to engage in additional activities, ie, the production of biofuels - briquettes. Leadership of the company, headed by Mohamed El-Azab, in 2011 decides to extend and increase the capacities, and it decides to purchase a portion of the former giant in wood industry "Maglic 'Foca.

In the period of three years a sister company has grown into a regional leader in the production beech timber, and at the same time began to engage in production of pellets which, with its quality, has become recognizable in Bosnia and Herzegovina, Slovenia and Italy.

In the second half of 2014. Fekry Ltd. buys the former factory Stakorina in the area of Cajnice, and thus complements the product range with fir / spruce sawn timber. Fekry Group markets its products in 16 countries and records constant growth and development. Annual production capacity is approx. 78.000m3 of logs and 15,000 tons of pellets. The group at the level of three companies employs 170 workers with a tendency of hiring new workforce in the future. The future plans of the Group are production of laminates for furniture, as well as the production of tables, chairs and other types of furniture.
